Types of Retail Liquor Stores

(1) A retail liquor store is either exclusive or non-exclusive. In an exclusive retail liquor store, a retail sales agent sells only distilled spirits and related items authorized by OAR 845-015-0143. In a non-exclusive retail liquor store, a retail sales agent operates a retail liquor store as an adjunct to another business. A retail sales agent must secure Commission approval for a retail liquor store's association with another business.

(2) The Commission may change the type of a retail liquor store from exclusive to non-exclusive or non-exclusive to exclusive. In making a type change, the Commission evaluates various factors, including retail liquor store sales, **business plan** and customer service. The procedures in OAR 845-015-0110 apply to such changes.

(3) When the Commission changes a retail liquor store from one type to another, the retail sales agent has the right to continue as retail sales agent after the change.
